Case Title : Om2008.12-2 Qtopia_Dialer Testing Report		
Hardware : GTA02v5		
Software	**Kernel** : testing-om-gta02-20081202.uImage.bin	
	Root file system : openmoko-testing-om-gta02.rootfs.jffs2 (2008.Dec.02)	
Test Scope : To test Dialer Functionality		
Test Duration : 1.5days		
Test Environment : Device, FIC GTA02 Battery		
Tested By : Sushama Kailash		
Tested Date : 03-Dec-2008		

Case ID	Cases	Result	Remark (Ticket No.)
1	Dialer		
1.1	Dialer screen		
1.1.1	Access the Dialer	Passed	
1.1.2	Cancel the Dialer screen	Passed	
1.1.3	Input the Number (0-9) on Dialer screen	Passed	
1.1.4	Input * +, short press # key on Dialer Screen	Passed	
1.1.5	Input the longest number with symbol " * , + , P , # , W " and Dial it	Failed	#1832-2008.8 cannot dial *123
1.1.6	Delete the Number and symbol	Passed	
1.1.7	check the contact icon	Passed	
1.1.8	check the SMS icon	Passed	
1.1.9	check the Call history icon	Passed	
1.1.10	Save to contact from Option	Passed	
1. 2	Outgoing call		
1.2.1	Check the Dialing screen	Passed	
1.2.2	Dialing to unknown number	Passed	
1.2.3	Dialing to Number which is stored in contacts	Passed	
1.2.4	Input the longest number and Dial it	Passed	
1.2.5	Dialing Through Contacts	Passed	
1.2.6	Dialing through Call History	Failed	#2140-Should use different volumes for ringtone and receiver
1.2.7	Dialing through Call History which number is Restrict	Passed	
1.2.8	Check Option menu while outgoing calls	Passed	
1.2.9	Dialing Through Speaker	Passed	
1.3	Incoming a call		
1.3.1	Incoming a call on Home screen	Passed	
1.3.2	Incoming a call on the Location screen	Passed	
1.3.3	Incoming a call on the Game screen	Passed	
1.3.4	Incoming a call on the Setting screen	Passed	
1.3.5	Incoming a call on the Contact screen	Passed	
1.3.6	Incoming a call on the Dialer screen	Passed	
1.3.7	Incoming a call on the Messages screen	Passed	
1.3.8	Incoming a the call which is Restrict number	Passed	
1.3.9	Incoming a call then Send busy the call	Failed	#2122-Send Busy icon displayed when making out going calls
1.3.10	Incoming a call then show keypad	Passed	
1.3.11	Check Option menu while incoming calls	Passed	
2	Call Active		
2.1	Check the call active screen	Passed	
2.2	Answer the phone	Passed	
2.3	End the call by End icon	Passed	
2.4	Try to Dialing when no Signal	Passed	
2.5	Received Message During Call activity	Passed	
2.6	Disconnected call During call activity (Call out)	Passed	
2.7	Disconnected call During call activity (Call in)	Passed	
2.9	Call Options		
2.9.1	Check the Option menu during call activate	Passed	
2.9.2	End the call by Option	Passed	
2.9.3	Talk through with speaker During Call activity	Passed	
2.9.4	Check Option During Call activity through speaker	Passed	
2.9.5	Check the Hold/Resume function from option during call activity	Passed	
2.9.6	Check the Hold/Resume function from Main screen during call activity	Passed	
2.9.7	Show Keypad during call active	Passed	
2.9.8	Hide Keypad on Show Keypad screen during call active	Passed	
2.9.9	input the number on Show Keypad screen during call active	Failed	#2122-Send Busy icon displayed when making out going calls

2 .9.10	Delete the Number on Show Keypad screen during call active	Failed	#2122-Send Busy icon displayed when making out going calls
2.10	Third party Call active		
2.10.1	Incoming a call during call activity	Not Applicable	
2.10.2	Answer the Third party call during call activity	Not Applicable	
2.10.3	Third Party call disconnecting before answer	Not Applicable	
2.10.4	Send Busy to the third party incoming a call during talking	Not Applicable	
2.10.5	End the third party call from main screen	Not Applicable	
2.10.6	Hold the third party call from main screen	Not Applicable	
2.10.7	Show Keypad /Hide keypad from main screen	Not Applicable	
2.11	Third Party call Options		
2.11.1	Check the Option during Third party call	Not Applicable	
2.11.2	End the Call from option	Not Applicable	
2.11.3	End All Calls from option	Not Applicable	
2.11.4	Swap Call from option	Not Applicable	
2.11.5	Join call from option	Not Applicable	
2.11.6	Split call from option	Not Applicable	
2.11.7	Transfer Call from option	Not Applicable	
2.11.8	Speaker phone from option	Not Applicable	
2.11.9	Handset from option	Not Applicable	
3	Call History		
3.1	Check the call history menu	Passed	
3.2	Check the Options when there is no call history	Passed	
3.3	All Calls		
3.3.1	Check the All Calls list	Passed	
3.3.2	Focus on unknown number		
3.3.2.1	Check the Call Detail when focus on unknown number	Passed	
3.3.2.2	Save to Contacts from Options on detail screen when focus on unknown number	Passed	
3.3.2.3	Delete call history on detail screen when focus on unknown number	Passed	
3.3.2.4	Save to Contacts on Detail screen when focus on unknown number	Passed	
3.3.2.5	Related Calls when focus on unknown number	Passed	
3.3.2.6	Clear when focus on unknown number	Passed	
3.3.2.7	Clear no items history when focus on unknown number	Passed	
3.3.2.8	Delete Missed call(Dialed,incoming calls) then check the All call list	Passed	
3.3.2.9	send message on detail screen when focus on unknown number	Passed	
3.3.3	Focus on Contacts number		
3.3.3.1	Open contact on detail screen when focus on contacts number	Passed	
3.3.3.2	Delete number from call history on detail screen when focus on contacts number	Passed	
3.3.3.3	Open contact when focus on contacts number	Passed	
3.3.3.4	Related Calls when focus on contacts number	Passed	
3.3.3.5	Clear when focus on contacts number	Passed	
3.3.3.6	send message on detail screen when focus on contacts number	Passed	
3.3.4	Focus on Restrict Number		
3.3.4.1	check the Detail Restrict number when Focus on Restrict Number	Passed	
3.3.4.2	check the Option when Focus on Restrict Number	Passed	
3.3.4.3	Delete when Focus on Restrict Number	Passed	
3.4	Outgoing calls		
3.4.1	Check the Outgoing call list	Passed	
3.4.2	Make a Outgoing call then check the history	Passed	
3.5	Incoming calls		
3.5.1	Check the incoming call list	Passed	
3.5.2	Receive a incoming call then check the history	Passed	
3.6	Missed calls		
3.6.1	Check the Missed call list	Passed	
3.6.2	Missed call in home screen	Passed	
3.6.3	call activity status	Passed	
3.6.4	check the Missed call list after received missed call	Passed

2.1	Plug in Charger to Device	Passed	
2.2	Pull Out Charger When Device is Power ON	Passed	
2.3	plug in charger then power off the Device	Failed	#1255 No indication of battery charging when power is off
2.4	Plug in charger when Device is Power off	Failed	#1255 No indication of battery charging when power is off
2.5	Pull out charger when Device is Power off	Failed	#1255 No indication of battery charging when power is off
2.6	Plug in charger then reboot the Device	Failed	#1255 No indication of battery charging when power is off
2.7	Plug in Charger then power on the Device	Failed	#1255 No indication of battery charging when power is off
2.8	Charge the Device till battery is full when Device is Power on	Passed	
2.9	Charge the Device till battery is full when Device is Power off	Failed	#1255 No indication of battery charging when power is off
2.10	When Device with a full battery icon, plug in charger	Passed	
2.11	Plug in charger when Device battery is very low	Passed	
2.12	Remove the battery when charging in power on mode	Passed	
2.13	Remove the battery when charging in power off mode	Failed	#1255 No indication of battery charging when power is off
2.14	Plug in then pull out charger 10 times(each time in 5 seconds) in Home screen	Passed	
2.15	Plug in then pull out charger 10 times(each time in 5 seconds) in power off mode	Failed	#1255 No indication of battery charging when power is off
3	**USB Charger**		
3.1	Plug in USB cable when Device is Power on	Passed	
3.2	Pull out USB cable when Device is Power on	Passed	
3.3	Plug in USB cable then Power off the Device	Failed	#1255 No indication of battery charging when power is off
3.4	Pull out USB cable when Device is Power off	Failed	#1255 No indication of battery charging when power is off
3.5	USB cable is plug in and power on the Device	Failed	#1255 No indication of battery charging when power is off
3.6	Charging via USB cable till battery is full when Device is Power on	Passed	
3.7	Charging via USB cable till battery is full when Device is Power off	Failed	#1255 No indication of battery charging when power is off
3.8	When Device with a full battery icon, plug in USB icon	Passed	
3.9	Plug in USB cable when Device Battery is very low	Passed	
3.10	Remove the battery when charging via USB cable in power on mode	Passed	
3.11	Remove the battery when charging via USB cable in power off mode	Failed	#1255 No indication of battery charging when power is off
3.12	Plug in & pull out USB cable 10 times(each time in 5 seconds) in Home screen	Passed	
3.13	Plug in & pull out USB cable 10 times(each time in 5 seconds) in power off mode	Failed	#1255 No indication of battery charging when power is off
4	**Talk Time / Standby Time /Suspend time**		
4.1	Check the Talk time	Postponed	
4.2	Check the Standby Time	Postponed	
5	**Device Charging in Home screen**		
5.1	Power charging time	Passed	
5.2	Device Charging when Power off	Failed	#1255 No indication of battery charging when power is off

openmoko

Case Title : Om2008.12-2 Clock Testing
Hardware : GTA02v5

Software	Kernel : testing-om-gta02-20081202.uImage.bin
	Root file system : openmoko-testing-om-gta02.rootfs.jffs2 (2008.Dec.02)

Test Scope : To test Clock Functionality
Test Duration : 2 hours
Test Environment : Neo FreeRunner ,FIC GTA02 Battery,
Tested By : Wendy
Tested Date : Dec.03.2008

Case ID	Cases	Result	Remark (trac No.)
1	Clock Tab		
1.1	Enter clock menu	Passed	
1.2	Check the menu function	Passed	
1.3	Option Menus		
1.3.1	Set time		
1.3.1.1	Time Tab		
1.3.1.1.1	Set time with Automatic OFF	Passed	
1.3.1.1.2	Check the World Map (Automatic OFF)	Failed	#1483 when touch country on the map , it shows country name with black shadow box short seconds #1532 Date/Time: time and country displayed outside of screen on world map
1.3.1.1.3	Set time with Automatic ON	Passed	
1.3.1.1.4	Set time with Automatic ASK	Passed	
1.3.1.2	Format Tab		
1.3.1.2.1	check the Format Tab	Passed	
1.3.1.2.2	Change the time format for 12/24 hour	Not Applicable	no more this funtion
1.3.1.2.3	Change the week start Sunday/Monday then check the Calendar	Passed	
1.3.1.2.4	Change the Date format	Passed	
1.3.1.2.5	Options menu function	Passed	
1.3.1.2.6	Back key function	Passed	
2	Alarm Tab		
2.1	Enter Alarm menu	Passed	
2.2	Check the menu function	Passed	
2.3	Check the Option	Passed	
2.4	Setting the Alarm ON/OFF functions	Passed	
2.5	Alarm ON		
2.5.1	Check the Time/Days activate when Alarm ON	Passed	
2.5.2	Change the Time with format to 12 hour	Not Applicable	no more this funtion
2.5.3	Try to change time with changing icons	Passed	
2.5.4	Change the Time with format to 24 hour	Not Applicable	no more this funtion
2.5.5	change the week start format to Sunday then check the days	Postponed	question
2.5.6	change the week start format to Monday then check the days	Postponed	question
2.5.7	Select Mon to Friday for the Days	Passed	
2.5.8	Select individual day for the Days	Passed	
2.5.10	Do not selected any days	Passed	
2.5.11	Set Alarm then check Alarm expire	Failed	#1822 (2008.8 doesn't wake on alarm)
2.5.12	Incoming a call during Alarm expired	Failed	#1822 (2008.8 doesn't wake on alarm)
2.5.13	Receive SMS during Alarm expired	Failed	#1822 (2008.8 doesn't wake on alarm)
3	Stopwatch tab		
3.2	Check the menu function	Passed	
3.3	Check the Option	Passed	
3.4	check Initiate state	Passed	
3.5	Check the Start and Stop,Lap/Split time Function	Passed	
3.6	Check the Reset function	Passed	
3.7	Go to Set time menu during stopwatch running	Passed	
3.8	Incoming a call during stopwatch running	Passed	
3.9	Receive a SMS during stopwatch running	Passed	
3.10	Alarm Expire during stopwatch running	Failed	#1822 (2008.8 doesn't wake on alarm)
3.11	Remove the battery during stopwatch running	Passed	
3.12	Press Back key during stopwatch running	Passed	
3.13	Check the Result when reaches 99:59:59:99	Postponed
